A suit styled Jacob Fohn vs. P. L. Lynch, was filed in the district court this week. The plaintiff asks for a judgment for \$20,000 against the defendant -\$10,000 actual and \$10,000 exemplary damages for alleged remarks questioning the plaintiff's loyalty. This is the first suit of the kind, so far as we advised, to be filed in the state and the outcome will undoubtedly be closely watched by the public.

Lacy, sub-chairman of the gauze department, each carrying Red Crosses, headed the parade. Following these, came the civil war veterans and their wives; then an immense service flag, having a star for each enlisted man from Hondo. Following this were the knitters; then a large body of Red Cross workers dressed in their long white aprons and cans, carrying banners showing their different departments of work. Then came the Boy Scouts in charge of Scout Master Prof. J. W. Peeler; then the Junior Red Cross members under the leadership of Misses Ethel Sanders and Nettie Woolls. Then a number of the student body of the Hondo High School and interested citizens brought up the rear, making the parade length y as well as beauti ul.

> Placards and banners made by Frank Posev and Charlie Schuehle, designating different working departments and advertising the drive, added greatly to the beauty and attractivity. Return to the plaza concluded the parade.

The reception room was beautifully decorated with bows and streamers of purple and white-the Senior's colorswhile the Juniors' colors-red and gray - were displayed as a decoration in the dining room, and a splendid decoration they made too.

After the guests had assembled, tally cards were distributed and the enlivening game of progressive Forty-Two was soon progressing rapidly. During a slight period of rest the guests were entertained by songs, sung by Mrs. Horace Bradley, and afterwards by a "volunteer" chorus. Refreshments of delicious red and gray ice cream and cakes were served.

The plate favors were bouquets consisting of the Junior and Senior class flowers - the red carnation and the sweet pea respectively - and tied with red and gray ribbon.

#### ACCOUNTS FOR GHOST COLORS

Eye Is Especially Sensitive to Two Kinds of Perceptions, Light and Color Predominating.

In reply to an inquiry why are ghosts always seen clothed in white, a scientist states:

This is easily accounted for. As there have been no ghosts during historical times, we must assume that in all cases where ghosts have been actually seen we have to do with mere hallucinations caused by fever or some other disorders of the observer, where, therefore, the organ of sense, and particularly the eyes, registered impressions of objects that had no corresponding external existence. According to the minute descriptions of such apparitions given by patients to their physicians, the ghosts, with rare exceptions, were "clad in white." Now, our eye is sensitive to two kinds of perceptions, viz., light and color. In this case, where no definite color was perceived, the hallucination, in which only the organs of the eye sensitive to light are affected, is declared to be

Still, there are also colored apparitions of ghosts; nay, we can introduce into the body substances calculated to impair our sense of color. Thus, the immoderate use of hashish produces violent visions; of alcohol, blue ones; of atropin and skopolamin, red ones. Quinine and too much tobacco likewise produce red visions, while salicylic acid, digitalin and phenacetin cause light yellow sensations. The inhalation of carbonic oxide, and snake bite, too, are said to be followed by light yellow sensations of sight.

# OF PROUDEST MEN

"I'm Certainly grateful For The Happiness Tanlac Has Brought To My Home.'

"I'm one of the proudest men in Texas today and I just want to tell the J. MEYER, M. D. people it's all because of what this Tanlac has done for my wife," said W. D. Mitch I of 1808 Warren Street,

Dal'as, Texas, a few days ago. "She had suffered so much during the past year," he continued. "with stomach trouble that she had almost given up hope. Her appetite left her entirely and what she did eat would just stay in her stomach and make gas and misery for her. Her nerves went Physician and Surgeon all to pieces and she got so weak and run-down she would have to lie down to do her work. She was so nervous and restless she could hardly sleep, lost weight and felt despondent and downhearted all the time.

"She was under treatment several times and tried any number of different medicines but everything failed to help her until she began on Tanlac. She began picking up right off when she began taking Tanlac and her despondent feelings soon disappeared. She has such a big appetite now that she can Wagon and Carhardly get enough to eat and her digestion is fine. She has already gained eight and a half pounds and says she never felt better. She sleeps good every night and does all her work with ease and is bright and cheerful all the time. I'm certainly grateful for the happiness Tanlac has brought to my home by restoring my wife's health. I honestly believe it will help anybody.'

Tanlac is sold in Hondo by W. H. Windrow, in Devine by Lion Drug Store, in D'Hanis by Louis Carle, in LaCoste by Dickey Drug Co., and in Dunlay by Louis A. Haby.

#### HEAD AND BRAIN IT HOUSES

Thought Machine Should Be Kept Well Oiled and in Good Condition for Duty It Must Perform.

Every boy has a head topside his neck. This head was not put there by accident, nor as ornamental brica-brac, says The American Boy. Of course, the head, being equipped with a face, is useful as a means of identification, but if that was all it was good for what would be the use of identifying you? Nobody would care a rap whether you were Pete or Jim or the kid that lives over the bakery.

The real purpose of the head is to be a packing case for the brain, and the brain is a machine for the manufacture of thoughts. So you want to learn how to run it and how to keep it clean and well oiled. You want to learn how to use it, no matter what comes up-in an emergency just as well as in a contest to guess how many beans there are in a jar. There's a heap of difference between thinking and the sort of product a lot of folks' brains turn out. One brain that can think is worth a hundred arms strong enough to lift a helfer. That's why a general is more valuable than a great many thousands of soldiers, each one of whom could probably lick him beautifully in a fist fight. It's because he can think.

Dizziness, vertigo, (blind staggers) sallow complexion, flatulence are symptoms of a torpid liver. No one can feel well while the liver is inactive. HERBINE is a powerful liver stimulant. A dose or two will cause all bilious symptoms to disappear. Try it. Price 50c. Sold by W. H. Windrow.

#### Announcement.

The Nazarene Meeting embracing the 2nd, 3rd and 4th Stndays in June will, D. V., be lead by Mrs. Bessie Williams, the pastor.. The public is cordially invited and God's children are errnestly urged to attend and heartily co-operate in the continuation of a revival of old time religion. Let everybody come. J. T. HORGER.

Barbed wire cuts, ragged wounds, collar and harness galls heal up quickly when BALLARD'S SNOW LINIMENT is applied. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

#### \$500.00 Reward.

I will pay the above reward for the arrest and conviction of the party or parties who are stealing my steers. U. W. SHORT. 1-1-19

Sallow complexion is due to a torpid liver. HERBINE purifies and strengthens the liver and bowels and restores the rosy bloom of health to the cheek. Price 50c. Sold by W. H. Windrow.

# Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, ... and the pains were very severe. A friend told me I had tried everything else, why not Cardui?... I did, and soon saw it was helping me . . . After 12 bottles, I am strong and well."

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered-it should help you back to health.

Ask some lady friend who has taken Cardid. She will tell you how it helped her. Try Cardul.

The Fourth Called Session of the 35th Legislature enacted a law, which makes it incumbent upon every State, County us-fight or die. and Municipal Peace Officer in Texas These germs are to enforce the Federal Explosives Act, which went into effect last November; and to co-operate with and report to odds are in favor Chas. B. Watters, United States Explosives Inspector, San Antonio, Texas, on all explosions, and violations of the Federal Explosives Act; and the willful failure or refusal of any such officer to discharge and perform the duties imposed by this Act shall constitute a misdemeanor involving official misconduct, and on conviction he shall be punished by a fine of not more than one thousand dollars and removal from offices. This law was introduced and passed at the suggestion of the Texas State Council of Defense Thr Federal Explosives Act prohibits

the manufacture, saie, purchase and posession of all explosives and their ingredients, in time of war, without a license. In other words, the dealer must have a license, and the purchaser must have a license. The dealer must keep an itemized record showing the name and address of purchaser, his license number, kind and quantity of explosive purchased, and purpose for which it is to be used. This also compels practically every drug store in the United States to have a license permitting them to have in posession and sell explosives ingredients, and the buyer must have a license when purchasing these ingredients in quantities of an ounce or more, and the dealer must keep the same r-cord as the party who sells dynamite. These ingredients are: Bichromates, Chlorates, Chromates, Nitrates, Nitric Ac d, Perchlorates, Ferborates, Permanganates, Peroxides and Phosphorous, in their various forms.

TO BE RIGIDLY ENFO CED. According to Chas. B. Watters, U. S. Explosives Inspector for Texas, this law will be rigidly enforced in the future; it having been in effect since November 15, 1917, and every dealer has had time to familiarize himself with the law and all its details, and no excuses will be accepted in the future. Violation of this Act carries a penalty of \$5,000 fine or imprisonment at Fort Leavenworth, or both. A careful and systematic check is being made, by the Federal Authorities, of every dealer in Texas who handles explosives or ingredients, regardless of location or size. An inspector or some deputy may drop themselves to be caught unprepared.

# The Farmer's Share

Live stock is marketed from farmer to consumer at a lower cost than almost any other farm product.

The United States Department of agriculture reported in 1916 that the farmer gets for his cattle "approximately two-thirds to three-fourths" of the final retail price paid by the consumer for the resulting beef.

Under normal conditions, the farmer's share of retail prices of various farm products is approximately as follows:

> Butter 71 per cent CATTLE 662/3 to 75 per cent 65 per cent Eggs Potatoes 55 per cent Poultry 45 per cent Fruits 35 per cent

The difference between farmer's price and retail price represents the necessary expenses of packing, freight and wholesale and retail distribution.

Swift & Company not only performs the manufacturing operations of preparing cattle for market in its wellequipped packing plants, but it pays the freight on meat to all parts of the United States, operates 500 branch distributing houses, and in most cases even delivers to the retail butcher. All this is done at an expense of less than 2 cents per pound, and at a profit of only about \( \frac{1}{4} \) of a cent per pound of beef.

Large volume of business and expert management, make possible this indispensable service to the live-stock raiser and to the consumer, and make possible the larger proportion of retail prices received by farmers.
